Fictional completed dog care record

Fictional example only: Milo, Alex and Sam are invented. These entries illustrate record keeping, not a recommended routine. No real personal data or app records were used.

Dog, dates and agreed contacts

Dog’s name: Milo (fictional)

Care period: example day, 9 October 2026

Owner: Alex; phone to be supplied privately

Backup: Sam; phone to be supplied privately

Instructions supplied by the fictional owner

Food: use the meal the owner packed

Walks: use the lead left by the owner

Other instructions: return the key in person

Handoff: lead, food container and key supplied

Daily care actually completed — fictional example

Date and time	Meal, walk or other task completed	Factual note / initials
Example day, 08:00	Served the meal left by the owner	Empty container returned / S
Example day, 09:00	Walk completed with the supplied lead	Lead placed by the door / S
Example day, 17:00	Returned the key and written record	Handed to Alex / S

The times and tasks above are invented examples, not feeding or walking advice. Write your own agreed instructions and the facts of the care you actually completed.
